

Study design under a fixed 48-well budget

A

Fixed campaign

48 wells total

Same budget for every arm.
Each method chooses
round splits and what
to return at the end.

B

Two scored decisions

Point recipe

Score = simple regret
(one carry-forward setting)

Operating region

Score = certified volume,
containment, or abstain

C

Methods in this study

SPADE

Region-first; may abstain

qLogNEI (BO)

Point search; shared
region post-process

DoE (RSM)

Classical designs;
strong on one recipe
